### WORLD Waters Day 2024

On World Water Day, the Tayo Olawoye Foundation wishes for a world where every person has access to clean and safe water. We envision a future where no one has to walk miles to fetch water or suffer from waterborne diseases. We wish for governments, organizations, and individuals to come together to prioritize and invest in sustainable water management and sanitation systems. By working collaboratively, we can ensure that every person, regardless of their location or socio-economic status, has the basic human right of access to clean water. Let's work towards a world where water scarcity and pollution are a thing of the past and where everyone can thrive in a healthier and more sustainable environment. [Read more](#)

#### CRY FOR HELP

Calvary greetings to you dear ma/sir in name of God. We are in basically function to assist the kids, because our community is one of the most unique inner-city slums in Africa and in the world with major part on stilts. \_Makoko community is a home of more than 250,000 people whose main activity is 🐟 fishing and many among them aren't educated. The community still lacks some basic facilities such as good school, hospital. Our children have difficult to go to school and 80%percent of those children are not going to school.

At MOUNTZION NURSERY AND PRIMARY SCHOOL (ENGLISH AND FRENCH), we provide free education to orphans and less privileged children. Our aim is to help these children receive a quality education and create a better future for themselves. We believe that every child deserves the opportunity to learn and grow, regardless of their background or circumstances.

Our team of dedicated teachers and staff work tirelessly to provide a safe and nurturing environment for our students. We understand the challenges that many of our students face, such as poverty, lack of resources, and the loss of parents or caregivers. That's why we offer more than just academic

instruction - we also provide emotional support, counseling, and other resources to help our students succeed.

Through our commitment to providing free education, we hope to make a positive impact on the lives of the children and families we serve. We believe that education is the key to breaking the cycle of poverty and giving every child the opportunity to achieve their dreams.

After that we are having some challenges to accomplish our mission, please these are the basics needs they're details 🙏🙏🙏 ;

### PROJECT 2: SUSTAINABLE DEVELOPMENT GOAL 3. GOOD HEALTH AND WELL-BEING

Ensure healthy lives and promote well-being for all at all ages.

Over the last 15 years, the number of childhood deaths has been cut in half. This proves that it is possible to win the fight against almost every disease. Still, we are spending an astonishing amount of money and resources on treating illnesses that are surprisingly easy to prevent. The new goal for worldwide Good Health promotes healthy lifestyles, preventive measures and modern, efficient healthcare for everyone.

#### THE TARGETS

Everyone can help to make sure that we meet the Global Goals. Use these thirteen targets to create action to promote health and well-being for all.

##### Target 3.1 REDUCE MATERNAL MORTALITY

By 2030, reduce the global maternal mortality ratio to less than 70 per 100,000 live births.

##### 3.2. END ALL PREVENTABLE DEATHS UNDER 5 YEARS OF AGE

By 2030, end preventable deaths of newborns and children under 5 years of age, with all countries aiming to reduce neonatal mortality to at least as low as 12 per 1,000 live births and under-5 mortality to at least as low as 25 per 1,000 live births.

##### 3.3. FIGHT COMMUNICABLE DISEASES

By 2030, end the epidemics of AIDS, tuberculosis, malaria and neglected tropical diseases and combat hepatitis, water-borne diseases and other communicable diseases.

##### 3.4. REDUCE MORTALITY FROM NON-COMMUNICABLE DISEASES AND PROMOTE MENTAL HEALTH

By 2030, reduce by one third premature mortality from non-communicable diseases through prevention and treatment and promote mental health and well-being.

##### 3.5. PREVENT AND TREAT SUBSTANCE ABUSE

Strengthen the prevention and treatment of substance abuse, including narcotic drug abuse and harmful use of alcohol.

##### 3.6. REDUCE ROAD INJURIES AND DEATHS

By 2020, halve the number of global deaths and injuries from road traffic accidents.

### 3.7. UNIVERSAL ACCESS TO SEXUAL AND REPRODUCTIVE CARE, FAMILY PLANNING AND EDUCATION

By 2030, ensure universal access to sexual and reproductive health-care services, including for family planning, information and education, and the integration of reproductive health into national strategies and programmes.

### 3.8. ACHIEVE UNIVERSAL HEALTH COVERAGE

Achieve universal health coverage, including financial risk protection, access to quality essential health-care services and access to safe, effective, quality and affordable essential medicines and vaccines for all.

### 3.9. REDUCE ILLNESSES AND DEATH FROM HAZARDOUS CHEMICALS AND POLLUTION

By 2030, substantially reduce the number of deaths and illnesses from hazardous chemicals and air, water and soil pollution and contamination.

### 3.9A. IMPLEMENT THE WHO FRAMEWORK CONVENTION ON TOBACCO CONTROL

Strengthen the implementation of the World Health Organization Framework Convention on Tobacco Control in all countries, as appropriate.

### 3.11. SUPPORT RESEARCH, DEVELOPMENT AND UNIVERSAL ACCESS TO AFFORDABLE VACCINES AND MEDICINES

Support the research and development of vaccines and medicines for the communicable and non-communicable diseases that primarily affect developing countries, provide access to affordable essential medicines and vaccines, in accordance with the Doha Declaration on the TRIPS Agreement and Public Health, which affirms the right of developing countries to use to the full the provisions in the Agreement on Trade-Related Aspects of Intellectual Property Rights regarding flexibilities to protect public health, and, in particular, provide access to medicines for all.

### 3.12. INCREASE HEALTH FINANCING AND SUPPORT HEALTH WORKFORCE IN DEVELOPING COUNTRIES

Substantially increase health financing and the recruitment, development, training and retention of the health workforce in developing countries, especially in least developed countries and small island developing States.

### 3.13. IMPROVE EARLY WARNING SYSTEMS FOR GLOBAL HEALTH RISKS

Strengthen the capacity of all countries, in particular developing countries, for early warning, risk reduction and management of national and global health risks.
